

LECTURE THREE

SOIL CONTAMINATION

MODULE 2

ENVIRONMENTAL POLLUTION

PROF. RIM ABD EL HAMID

Intended learning outcomes (ILOs) for "Soil Contamination" module II:

1. List major soil contaminants.
2. Identify the source of major soil contaminants.
3. Illustrate the impacts of soil contaminants.
4. Explain the various methods to be used for the remediation of a contaminated area of land.
5. Recognize the relationship between environmental pollution and public health deterioration.
